

Corning Dental Associates~ Keeping You Safe and Smiling

Office

*Entire Office Painted~ Carpets Cleaned~ Chip Readers Installed~
Plexiglass at Front Desk~ Air Filtration Units~ Waiting Room Chair Spacing*

We have worked hard to clean and sanitize the office. Air filtration units will be placed and patients will be seen in treatment rooms that have been thoroughly cleaned, disinfected and unused for 60 minutes.

Staff

Masks~ Faceshields~ Safety Glasses~ Gowns/labcoats~ Headsets

All staff will have temperatures taken and be screened daily for COVID symptoms. They will be required to wear masks at all times. All uniform clothing and items will be cleaned daily and maintained at the office.

Appointments

*Pre-screening symptom check~ Temperatures~ Masks~
Text Arrival for Appointment from Vehicle*

When your appointment is made, we will review symptom screening questions and have you complete a form online (www.corningdental.com- **top maroon banner- Covid symptom check form**). We will require patients to wear a mask when in our office. We ask that you come to your appointment on time, not early, and text us (or call) -607-937-5341-from your vehicle. We will contact you when we are ready. In the office, an assistant or hygienist will greet you and take your temperature. If we feel that your symptoms place you, other patients or our staff at risk, we will reschedule your appointment. We ask that you come alone to your appointment and one parent may accompany a child. Anyone accompanying a patient must wear a mask, review the screening symptom questions and have their temperature taken.

Treatment

Temperature~ Pre-Treatment rinse~ Handwashing

In the treatment room, patients will do a pre-treatment rinse and wash their hands. We will have air filtration units as well as instrumentation and our personal protective equipment to continue to limit aerosols during procedures.

Check Out
